MEDITERRANEAN CONFERENCE IN COMPUTER SCIENCE AND ARTIFICIAL INTELLIGENCE MCCSAI'2026

From December 1 to 3, 2026, at Tahri
Mohammed University of Béchar

The Mediterranean Conference in Computer Science and Artificial Intelligence MCCSAI'2026 is relaunched for a new edition, following the success of the first two editions. MCCSAI'2026 will be held in December 2026. The conference is jointly organized by the two ESI's research laboratories, namely LMCS and LCSi, in collaboration with the INIELAB laboratory of Bechar University.

The aim of the conference is to offer researchers and Phd students the opportunity to share and disseminate their research works, to foster collaborations, and contribute to the growth of a robust Mediterranean research community in Computer Science and Artificial Intelligence. This edition of the conference will focus on Theoretical Mathematics for AI as well as Applied AI for national priority research areas including AI in Healthcare, AI for Energy Transition and AI for Food Security.

Scope (Areas of Interest):

Topics of interest include but are not limited to:

Honorary Chairs

PR. BOUDJEMA BEZZAZI

Director of TAHRI Mohamed
University of Bechar

PR. MOULOUD KOUDIL

Director of Ecole nationale
Supérieure d'Informatique
ESI

Conference Chairs

PR. BENBOUZID SI TAYEB FATIMA

ESI Alger

PR. BENAHMED KHALIFA

U.T.M Bechar

TRACK1: MATHEMATICS FOR AI

- ✓ Data Assimilation
- ✓ Time Series
- ✓ Inverse Problems
- ✓ Mathematics and Machine Learning
- ✓ Deep Learning
- ✓ Reinforcement Learning
- ✓ Federated Learning
- ✓ Explainable Artificial Intelligence

TRACK 3: AI FOR ENERGY TRANSITION

- ✓ Data Assimilation
- ✓ AI in Smart Grid Management
- ✓ Building Energy Management Systems
- ✓ Industrial Energy Optimization
- ✓ Smart energy consumption
- ✓ AI and green economy

TRACK 2: AI IN HEALTHCARE

- ✓ Medical diagnosis
- ✓ Early disease detection
- ✓ Multi-Modal diagnosis
- ✓ Medical analytics and monitoring
- ✓ AI for Mental Health
- ✓ Data Privacy and medical AI
- ✓ AI for clinical trials
- ✓ Population health management

TRACK 4: AI FOR FOOD SECURITY

- ✓ Sustainable Agriculture
- ✓ AI-driven Crop Monitoring
- ✓ Smart farming
- ✓ AI for water quality management
- ✓ AI for soil health
- ✓ AI for food traceability

Important Dates

- ✓ Submission Deadline: May 1, 2026
- ✓ Notification of Acceptance: September 30, 2026
- ✓ Camera Ready: October 15, 2026
- ✓ Conference Dates: From December 1 to 3, 2026

Submission Guidelines:

To submit your work, please follow the submission instructions on our website: <https://mccsai26.esi.dz>
All submissions will be peer-reviewed by an international scientific committee.

We look forward to receiving your original unpublished paper contributions. A submission of a paper must be done within a single PDF file, written in English, following the Springer template. Papers will be refereed and accepted on the basis of their scientific merit and relevance to the conference topics. Accepted papers presented at MCCSAI'2026 will be included in Springer proceeding.
